

## Description

The Electric Door Strike is equipped with a 12/24 VDC solenoid that provides silent operation. The Electric Door Strike is designed as a fail-secure device. When power is supplied to the strike, the plunger is retracted and the unit is unlocked. If power fails, the strike is locked and the door is secured. The strike is rated for continuous duty, if needed. Each strike has a mount plate provided for easy installation.

*Electric Door Strike*

## Specifications

**Part Number:** 300147

**Power Supply:** 12/24 VDC, 19.6 ohms, 6 watts, .15 amps

**Static Force:** 1,500 lb (680kg)

**Dynamic Force:** 70 ft. lb.

**Operation:** 500,000 cycles of operation

**Warranty:** 90 days

**Note:** Quest provides a voltage reduction device to allow powering from the 48 VDC power systems
